Research on IHearU Project

- IHearU is a nonprofit, peer-to-peer platform that allows participant to learn new skills. The two pilot programs are for English skill and entrepreneur skill. Participant could also volunteer skills to teach. The website has four pilot countries: Pakistan, Russia, Egypt and Turkey.

- We need to build the functionality of dashboard, login, courses (video, rating, quiz), evaluation, infographics, administration portal, etc.

- Coursera, Itunes U, MOOCs, open course

- Common functionality: Video, assignment, discussion, etc

- Simple to use, Clear contents, User friendly, Fast and Bug free

- Volunteers and Learners; All from different countries.
